

Keeping your employees healthy and "at work" is our #1 Priority.

PHC HEALTHCARE ADVANTAGE

Physicians Health Center is now providing acute medical care for the uninsured* employees of our Miami Dade clients. When your employees are under the weather, or require a private physician for their acute injury or illness outside of the workplace, Physicians Health Center is now here for them.

Under our PHC Healthcare Advantage program, your employees will be issued a PHC identification card, which may be presented at any of our five Physicians Health Center offices. With the Healthcare Advantage card, your employees and their families (12 years and over) will be given the acute medical care they deserve, in our fully equipped medical centers, at a reasonable fee.

Office Visit: \$75.00

Office Visit with Diagnostic Testing: \$125.00

The PHC Healthcare Advantage Program does not provide long term management of chronic disease, conditions requiring long term medical management, hospital admissions or extended medical records. Some conditions will require a referral to the employee's Primary Care Physician, Specialist or the Emergency Room.

The PHC Healthcare Advantage is meant to assist the community in its' ongoing fight against the high costs of medical care, and to provide a solution for those without insurance.

*Employees with insurance are also able to use the PHC Healthcare Advantage, however their insurance will not be accepted at the time of service, and it may or may not be reimbursable.

PHC Healthcare Advantage
A program for our PHC Partners
for treatment of acute illness
